NPIC NOTICE
NO. 15-2-4

MEDICAL
27 March 1968

EYE EXAMINATION PROGRAM FOR NPIC PERSONNEL

Rescission: NPIC Notice No. 15-2-3, dated 23 September 1965

1. The NPIC Eye Examination Program is to be continued with some modifications described in this Notice. The Program applies to all personnel performing photo interpretation duties. Group and Staff Chiefs may, however, nominate others to participate in the Program if they feel their duties warrant such participation.

2. The Program will continue to provide for an entry-on-duty examination by a CIA Consultant Ophthalmologist. This will now be followed by an initial examination and periodic follow-up examinations in the NPIC Dispensary. These examinations will be provided at Government expense. The Program does not provide for the purchase of eyeglasses or for the writing of eyeglass prescriptions.

3. The following responsibilities are assigned:

- a. Respective Group and Staff Chiefs are responsible for submitting to the Personnel Branch a list of all personnel serving under their jurisdiction who qualify for periodic eye examinations. The first list is to be submitted not later than 5 April 1968 and subsequent additions and deletions should be reported as required. The lists will identify the position title of the individuals.
- b. NPIC Dispensary will schedule initial and follow-up eye examinations in coordination with the Personnel Branch and respective components.
- c. Individuals are responsible for notifying the NPIC Dispensary in advance when they cannot keep an appointment.

4. Overall responsibility for conducting the Program rests with [redacted] senior behavioral scientist, TSSG.
